I didn't read this until today. Venice Beach BID is new/just launching, so we don't have most of the requested info, but...

We have preliminarily surveyed our district and have an estimated 259 trash cans (which might be more than any single BID in LA!)

Good Morning -

In preparation for tomorrow's meeting with the City to advocate that BIDs should be exempt from Waste Hauling Ordinance #182986, LA Sanitation is requesting additional information be **provided by the close of business today**. Attached you will find the report that was compiled last week and below you will find the information now being requested. Please response as soon as possible.

Thank you.

-
- What are the names of the waste haulers that currently service the respective BIDs?
 - What is the level of service currently provided by the waste hauler servicing the respective BIDs?
 - o Number of bins provided (these are bins provided by the hauler that are used to consolidate the trash collected by BID staff)?
 - o Size of bins used to consolidate trash collected by BID staff (3 cubic yard, 4 cubic yard, roll-offs, etc)?
 - o Number of days the hauler services these bins?
 - o Monthly rate currently paid to service these bins?
 - o Are there additional monthly fees associated with servicing these bins?

- o Are there additional “as needed” costs associated with servicing these bins?
 - o If bins are provided by the hauler are they located behind a locked gate or similar secured location?
- Please provide a copy of your current monthly bill that also includes detailed level of service
- Please provide a copy of the Proposed Service Level Agreement and any additional Waste Assessment documentation provided by the recycLA Service Provider’s field representative
- Do the tons and bags quantity provided in the BID Waste Hauling spreadsheet represent the amount of material collected in a calendar year or month?
- Does the number of trash receptacles provided in BID Waste Hauling spreadsheet represent the number of receptacles serviced by BID staff and what are their sizes?
- Do the BIDs listed on the BID Waste Hauling spreadsheet self-haul, contract with a hauler or combination of both?
